Call for Submissions: Community Architecture and Human Rights

The UIA, through the Community Architecture and Human Rights (CA+HR) Work Programme, has launched a call for submissions for the 2023 Compendium of Best Practices. This compendium is developed to highlight the importance of collaboration between architects and local communities in the design process, through the lens of the UN SDG 11 (Sustainable Cities and Communities). It will reflect the virtues and merits of Community Architecture and Human Rights.

The submitted projects will be part of a digital book and will be selected for an exhibition organised by the CA+HR Work Programme during the UIA World Congress of Architects in Copenhagen, Denmark from 2-6 July 2023.

To participate, entrants will be required to fill out the submission form, submit an A1 project panel as well as 5 photographs.
